We the Seniors of '82 are proud to be the first graduating class in the new Caddo Mills High School.

We would like to dedicate our annual to the Citizens of Caddo Mills for their help and support in the building of our new High School.

Thank you,

Seniors of '82

Seniors of '82

ADMINISTRATION

1989

Congratulations are in order for you the Graduating Seniors of '82. The past eleven plus years hold many happy memories for you as a class. We trust that each of you will long remember the hours and days spent on the campuses of Caddo Mills Public Schools.

How could one forget the last of twelve school years spent in a modern new high school???? I know you won't and I shall never. You are unique in this respect—you can tell your grand children that you were the first class to graduate from this new facility. We are proud for you and for those who will pass thru these portals in future years. Let us never forget that we owe a great deal of credit to those before us and also to the citizens of today for providing us with the great facilities necessary for a good educative environment. May we stop to give thanks!!

Commendations are the order of the day for all those Parents, Board Members, Faculty Members, and Others who have had a worhty part in bringing you to this point in the "growing-up process."

May each of you as you journey down the road of life always strive to do that which is best for God, You, State, & Nation—always giving your best.

May God bless!!

Sincerely,
William P. Bowen
Supt.

To the graduating class of '82, I would like to take this time to congratulate each of you for your contribution in making this school year a success.

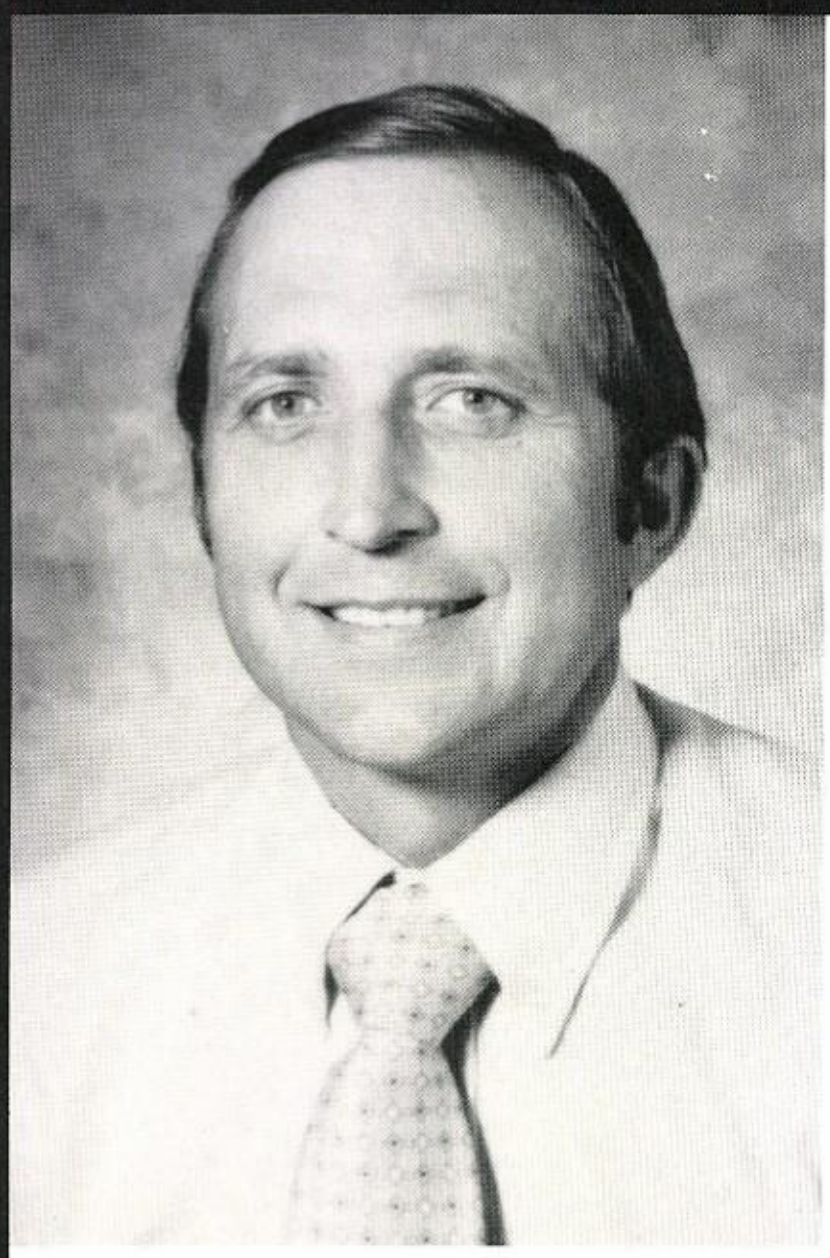
I know that each of you will carry many fond memories of your high school days. One which all of you will remember is the distinction of being the first graduating class from the new high school.

If you have applied yourself in your studies as you should have, each of you has the basic foundation to build on. I urge each of you to sit down and develop a set of goals that you would like to accomplish. Set these goals high because there is no limit to what you can achieve if you really commit yourself to these goals.

It has been an enjoyable year working and visiting with each of you. May God be with you.

Sincerely,
Anthony J. Mulkey

Best of Luck,
Anthony J. Mulkey



I want to congratulate you in attaining the important goal of graduation. This is an important beginning step for each of you.

My wish is that each of you will approach life postively with gust and enthusiasm, and that your foundation for moral and intellectual decisions will be based on your belief in God and the good to be found in other people.

I hope in your future plans you will find pleasure in working and striving for your goals.

My best wishes go with you,
Phil A. Tipton
Middle School Principal

Dear Seniors:

Congratulations Senior Class of 1982. You are completing your high school education on a high note, with a new building. May this remind you in life that you must always build for the future. As you build for the future, what you get by reaching the destination isn't nearly as important as what you become by reaching that destination.

I know that each of you will reach for the best in all that you do. "Good Luck".

Sincerely yours,
W. A. Turner

Happy reminder.

Life ahead offers many uncertainties. But throughout the years one constant remains. Your Balfour class ring. It will never fail as a happy reminder of the golden years you shared with your classmates. Wear it with pleasure.
